FIREMEN'S CARNIVAL AT 9:30 TONIGHT

Hundreds of Firemen in City For Three Days' Convention

BUSINESS TOMORROW

King Street Bathed in Flags—Decorations Lavish—Good Time Assured Hordes of Firefighters

Bathed in a riot of colors King street, today presented a pretty picture with its flags, pennants and welcome signs fluttering to the breezes stretched on cross wires from Fairfax street to the union railway station to welcome the delegates and visitors to the thirty-fourth annual convention of the Virginia State Fire men's Association, which will convene tomorrow morning. Many of the firemen already are here, the Harrisonburg Company being the first to put in its appearance last night. Others came today and will continue to pour into the city until after the opening of the business session.

A reception tonight for the firemen will be a feature of the festivities and really will mark the formal opening of the 3 days' convention.

The lights will be flashed on promptly at 9.30 o'clock tonight which will be a signal that the firemen's convention is on. At that hour the bells and whistles will be let loose and noise making devices will be put into operation. The fire apparatus will be on the streets and the visiting bands will play. The switch for turning on the lights which will illuminate King Street has been installed in the office of Fire Chief Ogden and he will push the key turning on these lights.

The local firemen have been busy receiving the visitors all day long. Incoming companies are being met by delegations of local firemen at the railway station and escorted to headquarters and registered.

A big reception last night was tendered the Harrisonburg Fire Department when they arrived shortly after 9 o'clock. The visitors were met by a large delegation of local firemen and many in automobiles. Red fire blazed the way for the visitors and they were escorted to headquarters, and after registering went to their quarters in tents on Lee School grounds. Owing to the fact that there was a fire in Harrisonburg yesterday morning which partially destroyed the Brock Hardware and Harness Company's place in which three of the firemen were injured, only forty came last night. The remainder, however, reached here this morning. With their picturesque red shirts they presented an attractive appearance on the streets.

As heretofore stated the opening day of the convention will begin at 10 o'clock tomorrow morning when the session will be called to order in the auditorium of the Elks' Home. On behalf of the city Mayor Fisher will welcome the visiting firemen. Tonight at 7.30 o'clock representatives of the various state companies will hold a caucus in the rooms of the chamber of commerce.

Fifty members of the Charlottesville Company arrived here this afternoon together with an eighteen piece band. and a junior drum corps of nine men. The Charlottesville delegation will return home Thursday night. Accompanying them is Dr. H. W. Battle, chaplain of the state association. The Charlottesville delegation was met by a large number of local firemen.

Washington representatives in the parade Thursday in connection with the convention of Virginia State Firemen Association are expected to bring home the prize for the best display, according to several of the guiding lights of the fire department of that city.

The delegation headed by Battalion Chief C. W. Gill will be composed of seventy men and three pieces of apparatus.

The prize will be an award of money. This prize, the department boasts, was won by the Washington contingent at the last convention.

According to word received by Chief Kenneth W. Ogden this morn-

REVOLT BANNER FOR FRENCH REDS

Marcel Cachin Starts Party For Overthrow of Bourgeoisie

SPLIT THREATENED

Radical Leader Plans to Make Himself Proletrian Dictator of France —Call to Red Banner

Paris, Aug. 24.—A communist party, frankly devoted to the violent overthrow of bourgeois civilization according to the doctrine of the Third Internationale and allied with the extremist element in labor unions, is in process of organizatios

Marcel Cachin, who since his return from Russia has gained the leadership of an open revolutionary faction in French socialism, has thrown down the gauntlet to his associates of the unified Socialist party. Cachin means to become the Lenine of France, with L. O. Fossard, his companion on the Russian trip, as a French-Trotzky.

As a first step in this direction he has notified the moderate leaders among Socialists and labor unions that on his return from a fortnight's vacation in the country, whither he departed yesterday, he would split the Socialist party wide open unless they rallied to the red banner of Moscow without delay.

Since moderates like Albert Thomas Renaudel and Ernest Lafont, the last named of whom was expelled from Russia at Trotzky's behest, have no intention of subscribing to Cachin's radicalism, there is no longer doubt that in the near future French Socialists, like those of America and Great Britain, will form two warring groups, one pledged to attain constitutional attainment of ideals, the other committed to revolution by violence.

In the Socialist representation in the Chamber of Deputies, the former group would undoubtedly prove the stronger. Of 60 odd Socialist reputies scarcely more than a dozen would be likely to follow Cachin into the communistic fold. What the attitude of the rank and file would be is less easy to foresee.

EVIDENCE HAD BEEN DRUNK

Revenue Agents Find Upon Visit to Ship Here From Wet Portugal

With clinking "dead men" swaying from the masthead of their ship, the "Quinnipiac," Yankee sailors just arrived in port at Alexandria from prohibitionless Portugal welcomed a launchful of revenue agents yesterday afternoon and served coffee to the men who were seeking evidence.

All liquor aboard had already been looked upon the previous evening, when it was still red, Regrets were forgotten in the afternoon's joke on the government agents.

When the squad of sleuths hit the deck and informed their "hosts" of the intention of the visit cheers changed to laughter.

"Liquor," shouted one of the crew, "you should have been here last night, but today—" he sighed, and produced an "empty." And search as they would there was nothing but empties in view for the investigators.

All hands joined eagerly in the search for more liquor but the party of the night before had been thorough, not a drop was in sight, and the happy crew and disappointed detectives sat down for a sup o'coffee and swapped years for the afternoon.

The steamer just arrived Sunday night from Lisbon. Portugal, coming over empty. It came direct to the Virginia Shipbuilding Company yards near Alexandria.

Word of the party aboard ship Sunday night reached shore, and in turn was forwarded to officer of the Internal Revenue Department, who gathered a squad of detectives from headquarters and set out for the scene of activities and "dampness" yesterday noon.

One member of the crew confided to the officers that he had purchased $248 worth of liquor at a "cheap" price in Lisbon, but even his private supply was exhausted before the custom agents and revenue officers could board the steamer.

RFDS FAIL TO TAKE THE OFFENSIVE

Making Struggle to Save Remnants of Army Say Poles

FLEEING IN PANIC

7,000 Cross East Prussian Border and Are Interned—Reds Thrust at Lemburg.

Warsaw, Aug. 24.—Russian Bolshevik forces are reacting virtually to save the remnants of the Red Army, but they have so far been easily frustrated by the Poles.

On the north there is heavy fighting in the region of Mlawa and Soldau. Forced to face two Polish armies, one advancing from Modlin and the other from Graudenz, the Bolsheviki are making desperate efforts to extricate their advance guard, some of which adventured as far as Eylau and Plonsk. The Red losses in prisoners in this region have amounted to 11,000 in the past two days.

The attempt of the Reds to break the Polish lines on the Prazasnysh-Makov-Rozany road and cross the Narew river has completely failed. Polish troops, advancing up the right bank of the Narew, threw back the Bolsheviki to the north. Meanwhile the main body of the Poles, advancing from Warsaw, occupied all the territory in the fork of the Bug and the Narew.

The only chance of the Bolsheviki is to open a passage in the direction of Ostrolenka and Lomza, so as to get through to Bialystok and Grodno. The Polish troops, accordingly, are hastening their march towards Ostrolenka and Lomza, while the Polish cavalry, which has reached the upper waters of the Narew, has already cut the road between Lomza and Bialystok.

The battle now beginning on the Middle Narew is likely to decide the fate of all the Red forces between the Narew and the Prussian frontier.

IMPRESSIVE CEREMONIES AT WARD FUNERAL

The funeral over the remains of Paul F. Ward drew a large crowd, the largest to attend a funeral here, for many years. The stores and business houses were closed during the time and everything came to a standstill through respect to the young hero who gave his life in a foreign land for the cause of world freedom.

It was a beautiful and touching scene. The lives of many were inspired and helped by this occasion which brought friends together and enabled them to recount anew the numerous good qualities and the noble, unselfish character of the young man who had made the supreme sacrifice.

A few minutes before 10 o'clock yesterday morning, friends began filing into the Broad Street Methodist Church. After the family and relatives, came the soldiers in full uniform and then the Knights of Pythias all occupying the central portion of the spacious church auditroium. Every seat was taken, many stood during the hour and many could not enter the church.

After the choir had rendered "My Country 'Tis of Thee" the pastor Rev. L. D. Thompson read from John, Chapter 14, and then led the congregation in an earnest, appropriate prayer.

Mr. Thompson commended the action of the government in making appropriation for bringing the bodies of the dead heroes of the world war back home. It means much to the home people to meet together and pay the honor due the boys who have crossed over the river. Mr. Thompson's tribute was beautiful and was well received.

The closing scene was most impressive when the soldiers fired the salute over the open grave, which was followed by blowing taps by the bugler, Earl G. Davis. The floral tributes were profuse.

Among the out of town people here for the funeral were the following: Mr. and Mrs. J. W. Ward father and mother, Mrs. Waverly Morrison and Miss Ruth Ward and Master James Ward, sisters and brother, all formerly of Alexandria Virginia, now of Washington, D. C. —Statesville, N. C. Landmark.

TWO OHIO YOUTHS HELD FOR AUTO THEFT

Stole Machine Valued at $3,400 In Lima, O., Week Ago

CAPTURE MACHINE

Inability of Men to Pay Repair Bill Led to Arrest—Woman From Washington, Pa., Also Held.

An eight passenger Oldsmobile stolen in Lima, O., last Monday was captured in this city yesterday afternoon by Policemen Durrer and Padgett who also took into custody two white men giving the names of Carl Kepner and Walter Wilhelm, twenty-one and twenty years old respectively and giving Lima, O., as their home town.

Immediately following the arrest of the men Chief of Police Goods wired the authorities of Cleveland, O., telling them of the recovery of the machine and last night he received a telegram from Frank Smith, chief of police, Cleveland, stating that a machine answering the description of the one recovered had been reported missing from Lima.

According to the police the men admitted the theft of the machine and told the police they would return to Ohio without the formality of extradition papers.

The men told the police that they took the machine in Lima last Monday, it is stated.

The arrest of the men was brought about through their inability to pay $10.75 charges for repairs to the Acey Auto Company, 101 Alfred street, where the machine had been left Sunday for repairs. The men when they ascertained the amount told the proprietor they would go to Washington to secure the money. This aroused his suspicion and an investigation revealed that the car tag number had been changed. He notified the police which resulted in their arrest at a King street hotel. A woman giving the name of Reah Reading, twenty-three years old claiming Washington, Pa., as her home also is held. No charge, however, is made against her and it is expected that she will be released from custody upon the arrival here of the Ohio authorities. The machine is valued at $3,400.

Officials of the railroads passing through Richmond last night assured the public that passenger tickets which are purchased before midnight Wednesday will be honored by the roads. Roun dtrip tickets will receive the same consideration if purchased under the old rates.

HOW WILL THE WOMEN VOTE?

The favorate question going the rounds of the Eastern newspapers is: How will women vote?

It is a rather foolish question, for in various Western States women have been voting for some time. In this part of the country one is apt to treat the matter as something new It isn't. The franchise is extended to other localities, that is all.

What has happened in sections where women have been voting? Nothing. Political parties are not overturned. Nor will they be elsewhere. In Virginia tens of thousands of women will not vote at alll, just as they refuse to go to the polls in Commonwealths where they have had the privilege. Those who have been clamoring for the ballot will follow the husbands and sons and brothers of the household and Virginia will go strongly Democratic.

POURING OIL ON IRISH FLAMES

Lloyd George's Irish policy blunders from bad to worse. Terence MacSweney, the Lord Mayor of Cork, is worth a thousand times more to the Sinn Feiners dead than he ever could be living and shouting for freedom And he will be a thousand times more dangerous to Lloyd George and to British rule in his coffin then he could be alive and at the head of 10,000 rebels.

While Ireland is burning, the British Premier continues to fiddle. Why not call out the Dominion Home Rule fire brigade? It surely could not make things worse, and the probabilities are that they would immediately begin to get better. Throwing oil on the flames will not put them out. —Baltimore Sun.

SIGN DEATH WARRANT FOR "SHIMMY" AND "JAZZ"

New York, Aug. 24.—Dancing masters hailing from everywhere, from Bogalusa to Oshkosh, in convention here today, decided that two things are necessary for the improvement of dancing in the United States!

Cut out the "shimmy" and the "jazz."

Cut out the Methodist taboo on dancing.

Unceasing war has been waged by the National Association of Dancing Masters against the rag-tag and buck-and-wing type of dancing. Today President Fenton Bott declared that their struggle to stop this type of dancing is a success.

Mr. Bott orated against the suggestive neck hold, quivering shoulders and movement of the upper part of the body. He held forth with particular vigor against jazz music whose choppy, barbaric rhythms provoked improper dancing.

The association unanimously adopted a resolution urging the dropping of the ban of dancing contained in the "Book of Discipline" of the Methodist Episcopal Church. Instance were related of men and women being expelled from the church because they danced. Circus and theatrical people and dancing instructors are barred from membership in the church.

Louis Kretlow, of Chicago, who is 75 years old, and still dancing, told how his classes in dancing had won the approval of churches of every denomination. Mr. Kretlow harks back to the time of the schottische, polka and redowa. He said that dancing had kept him spry, His wife, who is almost as old as he is, also dances.

SUFFRAGE O. K. AGAIN DELAYED

Nashville, Tenn., Aug. 24.—The final enfranchisement of women in the United States was further delayed today when a supplemental injunction forbidding the clerks of the Tennessee house and senate from certifying the ratification of the suffrage amendment by the Tennessee legislature was issued by Judge E. F. Langford.

The injunction will be argued before Chancellor James B. Newman but no date for the hearing has yet been announced.

The Tennessee Senate late today named a committee to see if some means cannot be found whereby the upper house cannot complete the suffrage ratification.

WASHINGTON FORESEES PASSING OF CAMP LEE

Washington, Aug. 24.—War Department officials say that only Secretary Baker knows what will be the fate of Camp Lee. It has been generally assumed, however, that since Camp Meade has been selected under the army reorganization act as the manouver camp for the Third Corps which includes Virginia, that eventually Camp Lee will be scrapped.

TRADE SLUMP THREATENS SHEFFIELD INDUSTRIES

Washington, Aug, 24—So precipitate has become the downward trend of trade, both foreign and domestic orders, at Sheffield, England, that there is danger of more than half the industries having to close down, the American consul there has reported to the Department of Commerce.

ANOTHER BIG DROP IN SUGAR PRICES

Washington, Aug. 24.—With the forced release of sugar stocks through lightened bank credit, Department of Justice officials today forecast a further tumble in sugar prices

There were indications officials said, that the unloading of stored stocks might glut the market, and bring a "substantial drop" in addition to the present decline.

The department has received appeals from many dealers who seek relief from the drop which already has taken place.

The Attorney General, however, will follow a hands off policy it was stated today by his assistant Robert L. Scott. The department, Mr. Scott said, is concerned only with profiteering, and individual transactions are given no consideration unless exorbitant prices are shown.

GOV. COX GROWING IN FAVOR WITH NEW YORK BETTING CONTINGENT

New York, Aug. 24.—A little more money was offered on Governor Cox in the campaign betting in Wall street today. The Governor has been growing in popularity with bettors ever since the granting of the ballot to the women last week. About $5,000 is ready to be placed on Cox at odds of 1 to 3, but little or none of this money has thus far been covered.

One commissioner has $2000 at even money that Senator Harding will carry Ohio in the forthcoming contest. In the Gubernatorial race Governor Smith is still a 5 to 3 (odds on) favorite.

Betting commissioners expect wagers aggregating between $100,000 and $2,000,000 to be placed on the Presidential campaign alone.

COFFINS USED TO HAUL LIQUOR

Booze "Funerals" Reported in New York—Dry Agents to "Peep"

New York, Aug. 24.—A report was received today by James Shevlin, supervising prohibition enforcement agent, that illegal transportation of liquor in Westchester county is being carried on by using hearses the coffins in which contain liquor instead of a corpse.

Mr. Shevlin has instructed his men to take a peep at the inside of caskets where their suspicions are aroused, but at the same time he recognizes the impracticability of holding up all funeral corteges to search for liquor.

Slated to Begin This Afternoon at Rosemont Courts

Unless rain interferes the local tennis tournament will get under way today at five o'clock on the Rosemont courts. Sullivan and Roadhouse will meet Pohl and Howard in the initial contest the second team being made up of college players also being members of the Old Dominion Boat Club.

Wednesday, Bladen and Burns paired against Bullock and Moore, the latter team has done very well in practice and this should be a good match.

Thursday, the Old Dominion Boat Club will be represented again when Leaf and Jamieson play S. Dreifus and J. Traverse of the Dreadnaught Athletic Club, of this quartet Leaf is far the best, his serving and cut shots to the back of the court keeping his opponents worried at all times.

There was a good attendance last night at the trial matches and it is expected that a fairly good crowd will be on hand to witness the first set tonight.

GUARD BERGDOLL ELUDED NOW MENTALLY UNBALANCED

Philadelphia, Aug. 24.—The escapades of Grover Bergdoll, noted draft dodger and fugitive from justice are responsible for at least one man becoming mentally unbalanced.

That was made known here today by T. Henry Walnut, Asssitant United States District Attorney, of this city, upon receipt of word from Governors Island that Sergt. John O'Hart, one of the two military guards from whom Grover Bergdoll escaped at his mother's home in this city last May, has become mentally unbalanced, due, it is said over worry followng his arrest awaiting a trial by court martial.

O'Hare's imprisonment, following his arrest here and removal to Governors Island, New York, to await trial, is said to have preyed upon his mind to such an extent that his mental condition aroused the suspicious of his guards. An army surgeon was notified of the young man's condition and an examinaiton followed. The surgeon found O'Hare's mind affected, it is said, and ordered his removal from the army post prison to a Government hospital for treatment.

WOMEN ELECTION CLERKS

Northumberland County Commissioners Announce New Policy

Sunbury Pa., Aug. 24.—The Commissioners of Northumberland Co., announced yesterday that they will permit women clerks on the election boards at the November election.

It has been difficult to get clerks at $5 a day, when the work often runs until daylight the day after election. It is believed now that there will be enough women anxious to try out the job of election clerk. Experienced election officers assert that it will take double the time to count the vote and also declare that election precincts will have to be divided into two or more districts each. Many of the districts are already too big, they say and they look for a nearly doubling of the ninety eight election districts that go to make up Northumber and county.

It is believed that votes for women, on an unofficial estimate will cost $5000 more yearly at present.

NATIONWIDE FIGHT AGAINST DISEASE

American Red Cross Will Have Health Centers in All Parts of United States.

The American Red Cross has launched upon a nation wide campaign of fighting disease and physical defect among the American people. A new and unique health institution has come into being as the result of several months' study by the Red Cross Health Service Department at National Headquarters.

Officials in charge of the department predict that before long this new health activity will be in actual operation all over the country, and that the sign—"American Red Cross Health Center"—will become as familiar to the people everywhere as are now the signs of the telegraph companies.

Busy Long Before War.

The interest of the American Red Cross in the fight against disease is not, however, of recent origin. Long before the war the organization began this health service through its medical units in disaster relief work and its department of Town and County Nursing. During the war and following the armistice thousands of American Red Cross officials have been fighting disease in the war-stricken countries. At the same time tens of thousands of local Red Cross officials have been engaged at home fighting disease, notably during the influenza epidemics.

The American Red Cross has determined that all this valuable experience in health service abroad and at home shall not go to waste. So long as there are a half a million people dying yearly in this country from preventable causes, and so long as more than one-third of the American children and young people are victims of physical defects, the Red Cross recognizes the urgent need for continued Red Cross health service at home.

How Organization Works.

The Red Cross Health Center is governed by business principles, applies business methods, and, in its more simple form, can be established and conducted by lay people.

It proceeds upon the demonstrated fact that health is a commodity that can be bought and sold like brooms and soap. Therefore, it establishes itself in a storeroom in the principal business section of the community. It displays its goods in the form of attractive health exhibits in its show windows. It advertises constantly and extensively. And it uses every business and social device to attract customers.

The Red Cross Health Center is of service to the sick in that it gives out reliable and complete information about existing clinics, hospitals, sanatoria and other institutions for the sick and the defective; about available nurses, both trained and practical; about when to consult a physician and why to shun the quack and his nostrums.

Teaching Disease Prevention.

The Red Cross Health Center is, however, of even greater service to the well. It teaches people how to prevent sickness and disease. This is done in many interesting and attractive ways—first of all, by the distribution of popular health literature and through health lectures illustrated with lantern slides or with health motion picture films. Then special exhibits are given, one after the other, on various health subjects. Practical demonstrations are made; also health playlets by children to interest and instruct themselves and their elders. Classes are organized in personal hygiene, home care of the sick, first aid and in food selection and preparation. Health clubs, both for younger and older people, are formed; also Little Mothers' Leagues. Nutrition and growth clinics are conducted for children.

Already more than a hundred of these Red Cross Health Centers are in actual operation throughout the country. Many of them also conduct medical clinics, but the one chief, outstanding feature of the American Red Cross Health Center is its health education service which teaches well people how to keep well.

FRENCH PRAISE FOR OUR RED CROSS WORK

Lauding the work accomplished by American philanthropy for war-stricken France, Andre Tardieu, former high commissioner from that nation to the United States, in a recent article widely commented on throughout the French press, says:

"The American Red Cross has accomplished a work which calls for the heartfelt gratitude of every true Frenchman. In 1918 this great relief organization spent in behalf of France nearly 87,000,000 francs, and in 1919 its expenditures on charitable projects in our country attained the tremendous total of 171,000,000. It has recently turned over to the French relief organizations huge stocks of supplies whose value must be counted in the hundreds of thousands of francs.

"Fifteen million American boys and girls, banded together in the Junior Red Cross of America, are back of a movement to establish the closest ties between themselves and France's younger generation through the charitable works they have financed and are now carrying out among our little war sufferers.

"The bonds of friendship between France and America is cemented with mutual admiration, respect and gratitude."

VIRGINIA NEWS

Petersburg, Va., has 31,002 population, an increase of 28.5 per cent in the past ten years, according to Census Bureau figures given out yesterday.

Danville—Albert Harris, shot by a North Carolina officer Friday night, near the Henry County line, will get well. His life was saved by a pipe which he had in his pocket, and which was over his heart. A bullet struck it and was deflected, causing a superficial wound.

Winchester—Probably the largest individual crop of apples raised this fall in Virginia will be produced by the trees on the fruit farms of State Senator Harry F. Byrd, of Winchester, the output being conservatively estimated at 40,000 barrels. Senator Byrd has approximately 60,000 trees.

Norfolk—H. A. Jones, age 63, died in St. Vincent's Hospital yesterday suffering from a fractured skull which he sustained when he fell from a loaded wagon he was driving on Brambleton avenue. Mr. Jones became suddenly dizzy and lost control of his movements. His head struck the sidewalk curb.

Lynchburg—The Chamber of Commerce will offer prizes to boys in 8 counties in this part of the State for the best fields of clover grown during the next season. The first prize for each county will be $25; second, $15; third, $10, and five additional prizes of $5 each in each county.

Warrenton—The second robbery within a few days was discovered here last night at G. W. Hurst's jewelry store. The proprietor is out of town and the store was closed and locked Saturday night by his assistant Miss Gouldthorpe. About 10 p. m., Sunday the front door of the store was found open. The back door was unlocked and the outer door of the safe open. Until Mr. Hurst returns it is not known what articles are missing from the store. William Taylor, colored, the convict who robbed Cornblatt's store, was recaptured at Manassas. Jack O'Brien, white, serving eight years sentence, and Will Shorts, white, serving twelve years, escaped but were recaptured to camp yesterday. One colored convict is still at large.

PSALM OF THE SAILOR

How many people—landsmen, at all events—are aware that one of the Psalms is often called the sailor's psalm?

It is, of course, Psalm cvii, where in occur the beautiful and familiar words, "They that go down to the sea in ships, that do business in great waters—these see the words of the Lord and His wonders in the deep."

The psalm is usually read as part of the simple services which take place on Sundays on ships at sea. For that reason it is known as the sailor's psalm.

QUIZ SUSPECT IN TORSO CASE

New York, Aug. 24.—Reticence of Chas. Olsen, a prisoner at Fort Slocum, as to the whereabouts of his wife, his manner when questioned and his general demeanor have aroused suspicions of Chief of Police Cody, of New Rochelle, since the findings of the torso of a woman floating in the North River off Communipaw last Tuesday.

Cody notified the chief of police in Jersey City and he is sending a detective today to New Rochelle to investigate. Olsen was arrested in Jamestown, N. Y., on a charge of robbery.

Early in July the prisoner, who is attached to the army band at Fort Slocum, accompanied by a woman he said was his wife, engage a room in the home of Mrs. Mary Ryan, a police woman at New Rochelle. On July 22 both disappeared, and Mrs. Ryan missed jewelry, money and Liberty bonds valued at $800.

RED FLAG UNFURLED

(Mexico City, Aug. 24.—The Red flag of Bolshevism was unfurled in the State of Campeche today by Co. Agustin Preve, who declared war on the whole world except Russia. Reports to the Department of War said that Colonel Preve acted upon the advice of a Russian whose name is unknown.

Campeche iss parsely populated and isolated from other parts of the republic, except by water, so it is thought here that the movement is not likely to spread. The Department of War has taken measures looking to the capture of Preve and his Russian adviser, who will be expelled from the country.

GOV. COX "SLUSH DATA"

Promises He'll Tell Public Evidence in Speeches This Week

Dayton, Ohio, Aug. 24. —Gov. James M. Cox will make public "as he sees fit and in such manner as he sees fit" the information he claims to have in support of his charge that the Republicans are raising a slush fund of at least $15,000,000 to buy the Presidency.

The Democratic Presidential candidate made this statement today after he had received from Senator Wm. S. Kenyon, of Iowa, chairman of the Senate subcommittee investigating campaign funds, a telegram calling on him for proof of his charge. The governor announced that he plans to make public his evidence in campaign speeches this week. He will speak in Evansville, Ind.; Pittsburgh, New Haven and New York City.

The governor's data will be formally presented to the Kenyon committee, however, through James A. Reed, of Missouri, one of the Democratic members. In response to a telegram from Senator Reed asking for all facts he had, Gov. Cox wired he would forward the information within the next few days.

Gov. Cox was moved today in the roll of newspaper publisher in the plant of the Dayton News, one of the two newspapers he owns.

The camera men "shot" him conferring with the editor, inspecting cartoons, giving a lesson in journalism to a "cub" reporter, and in various other publishers' activities.

U. S. DEMANDS POLES STAY WITHIN BOUNDS

The United States will not countenance aggression on the part of the Poles beyond the ethnographic boundaries fixed by the Peace Conference, and its warning to the world that this government would oppose the dismemberment of Russia applies as much to Poland as any other nation, it became known today.

This position of our government, which has been communicated to the Poles through John C. White, charge d'affaires of the American Legation in Poland, may be said to mark the second step of this government in its effort to bring about a stabilization of the affairs of the new government.

It has been the contention of leaders in the Polish government for weeks that the reborn republic has never, since its inception, been told by its creators what part it was to play or duties it was expected to fulfill in its role or a buffer state between Russia and Germany. The attitude of the rest of the world, from the Polish viewpoint, rather has been one of vacilation.

REDS FAIL TO TAKE THE OFFENSIVE

(Continued from Page One)

Red troops, comprising infantry and cavalry, are making a bold thrust in the direction of Brody and Lemberg. Farther north Bolshevik detachments, debouching from Lutsk and Vladimir Volinsky, tried to force a passage of the Bug before Prubreszov, but were hurled back with heavy loss. The same fate befell the Reds who appeared in the region of Lemberg.

The Ukrainian regiments, which are still on their old positions along the Strypa, have successfully repelled all attempts of the Reds and maintained their original lines on the extreme right. In the center the Polish troops which occupied Brest-Litovsk are digging in on the eastern border of Polesia. It is expected that the daring plan of the Bolsheviki against Lemberg will be definitely frustrated in the near future.

Ignace Daszinski, the Polish Vice-Premier, has sent a letter to the French General Weygand, expressing the gratitude and admiration of the Polish nation for his aid during the Polish crisis.

The communication concludes. "Your attitude, your aid and the efficacious way you collaborated with our energetic army will always remain impressed in the hearts of the Poles."

WORLD CHAMPION STOWAWAY MAKES GOOD AS "JONAH"

New York, Aug. 24.—All the money possessed by Mrs. Marion Gilhooley Curry is $500.00 and that is a Liberty Bond she deposited with immigration authorities, last October in exchange for one Mike Gilhooley, considered the world's champion stowaway, supposedy lifted upon the lap of luxury by Mrs. Curry.

For a time Mike did live with his sponsor at the Hotel Vanderbilt and left $50 to settle a score with a traffic policeman, his velour hat, his spats, his slender bamboo cane and his cheerful neckwear were only eclipsed in interest by his announcement that he was negotiating with a motion picture company which desired to pay him $50,000 every once in a while for the privilege of photographing his Irish grin and his Irish freckles.

For a time it seemed Mike sat firmly on the high lap of luxury, but then came a rumor of how Mrs. Curry had inquired at Ellis Island with a view to returning Mike from where he had come. Often, six times indeed, he had come and gone back, before, on the seventh trip, Mrs. Curry got him into the country and yesterday came a long petition, filed with the clerk of the United States District Court, and setting forth that Mrs. Curry was a self-acknowledged bankrupt, owing divers, hotels and individuals, including T. Coleman duPont $111,310,000, and possessing but one Liberty Bond as assets, but unavailable because deposited at Ellis Island.

Now the point is, what is going to happen to Mike?

MAYOR OF CORK NEAR DEATH

Says He Would Rather Starve to Death Than Yield

London, Aug. 24.—Lord Mayor Terence MacSweney, of Cork, who is in Brixton jail, London, on a hunger strike, was smoking today, but was reported weaker. It was said that he was still determined not to abandon the strike.

Answering those who tried to persuade him to change his mind, Lord Mayor MacSweney declared:

"It is useless to compare my case with that of others. I felt that, as Lord Mayor of Cork and Chief Magistrate, my case is different. If I give way now I shall give away the cause of Irish liberty. I would rather die than do that."

Archbishop Mannix, of Australia, with the Bishops of Ballard and Killaloe, visited the Lord Mayor in the prison yesterday afternoon, remaining 25 minutes. When the three departed a crowd, which had gathered, inquired as to the Lord Mayor's condition. The Bishop of Killaloe replied briefly: "He is very prostrate."

Christmas Toys From Germany

Baltimore, Aug. 24.—The steamer Defiance of the American Line docked here yesterday with 60 cases of German toys from Hamburg. Novelties on wheels, dolls, dishes and furred animals were among the first consignment of Christmas toys to reach this port for months in advance of the holiday season.

GUARD NEW HAVEN YARDS

New York, Aug. 24.—Armed guards brought here from New Haven, New London and Waterbury yesterday were patrolling the yards of the New York, New Haven and Hartford Railroad to protect workers against strikers, who, the company claim, have assaulted more than a score of employes during the last few days.

Five workers were said by the company to be in hospitals suffering from severe injuries.

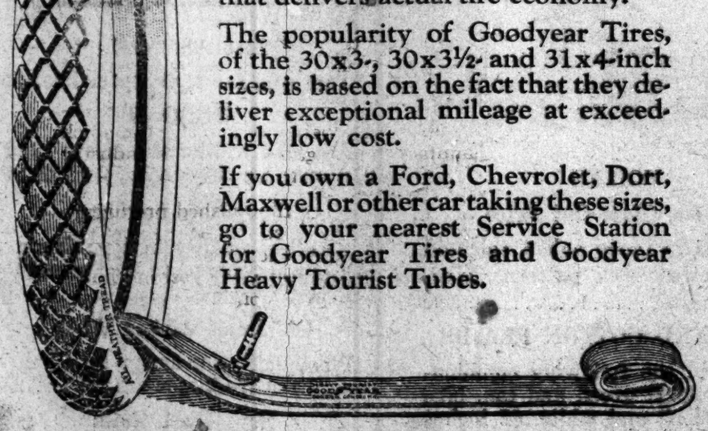
The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3-, 30x3½ and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.



30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50

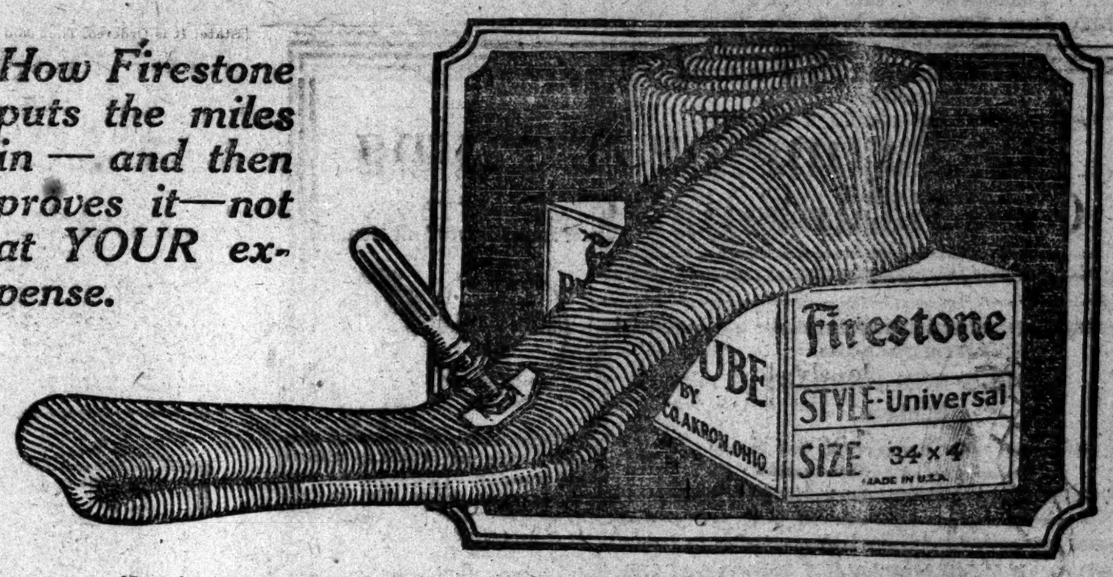
A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.



No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly—improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

AMERICANS ABROAD IN RED CROSS WORK

United States Citizens Far Away Enthusiastic Members of the "Fourteenth" Division.

Among the most enthusiastic and energetic members of the American Red Cross are those citizens of the United States who live outside the continental boundaries of their country —sons and daughters of the Stars and Stripes residing at the far corners of the earth.

These people compose the Insular and Foreign Division of the parent organization, generally known as the "Fourteenth" Division, which has jurisdiction of all territory outside the country proper; that is, Alaska, Porto Rico, Hawaii, Virgin Islands, the Philippines, Guam, and even the island of Yap, which came under our flag as a result of the world war. For the year 1920 this division reported 30,808 paid up members.

The main object of this division is to give our citizens everywhere the opportunity to participate in the work of the organization which stands for the best national ideals. Americans in far places intensely loyal and patriotic, treasure their membership in the Red Cross as the outward expression of their citizenship. It is another tie to the homeland and to each other. There are chapters of this division in Argentine, Bolivia, Brazil, Canal zone, Chile, China, Costa Rica, Cuba, Dominican Republic, Ecuador, England, France, Guam, Guatemala, Haiti, Hawaii, Honduras, Japan, Manchuria, Netherlands, Nicaragua, Paraguay, Peru, Philippines, Porto Rico, Siberia, Spain, Sweden, Switzerland, Syria, Turkey, Uruguay, Venezuela and Virgin Islands.

During the war these scattered members of the Red Cross contributed millions in money, and millions of dollars' worth of necessary articles for the men in service, and sent many doctors and nurses to France. At the same time they carried on an excellent Home Service in their respective communities for the families of those who had gone to war, and in some regions gave large sums of money and immeasurable personal service to the relief of disaster and disease victims.

The division is now establishing service clubs in foreign ports for the benefit of sailors in the American Merchant Marine, making plans to aid Americans in trouble in foreign lands and completing arrangements for giving immediate adequate relief in case of disaster.

It is the Fourteenth Division's part in the great Peace Time program of the American Red Cross.
